ACLS Provider Course Registrant,

This letter confirms your registration in the ACLS Provider Course

### **REQUIRED TEXT FOR PREPARATION AND DURING THE COURSE:**

**Advanced Cardiovascular Life Support (ACLS) Provider Manual**  
Copyright 2016

*Books will not be available for purchase the day of the class. Another helpful reference guide is the 2015 Handbook of Emergency Cardiovascular Care*

Please plan to be on time because it will be difficult for late students to catch up once we start. Students are expected to attend and participate in the entire course.

The ACLS Provider Course is designed to teach you the lifesaving skills required to be both a team member and a team leader in either an in-hospital or out-of-hospital setting. Because the ACLS Provider Course covers extensive material in a short time, you will need to prepare for the course in advance.

### **You should prepare for the course by doing the following:**

- Complete the pre-course preparation checklist that came with your ACLS Provider Manual.
- Review and understand the information in your ACLS Provider Manual. Pay particular attention to the core cases in Part 5.
- Review and understand the information in the BLS for Healthcare Providers manual. **The resuscitation scenarios require that your BLS skills and knowledge are current.** You will be tested on adult 1- rescuer skills and AED skills at the beginning of the ACLS Provider Course. Review and understand the ACLS algorithms for the cases in the *ACLS Provider Manual*.
- **Complete the ACLS Pre-course Self-Assessment on ACLS ECGs and Pharmacology (ACLS Student Website)**
