

CPR CONSULTANTS

TRAINING CENTER

ACLS Provider Course Registrant,

This letter confirms your registration in the ACLS Provider Course

REQUIRED TEXT FOR PREPARATION AND DURING THE COURSE:

**2020 AHA Advanced Cardiovascular Life Support (ACLS)
Provider Manual**

Books will not be available for purchase the day of the class. Another helpful reference guide is the 2020 Handbook of Emergency Cardiovascular Care

Please plan to be on time because class begins at start time and if more than 15 minutes late, we will ask you to reschedule. Students are expected to attend and participate in the entire course.

The ACLS Provider Course is designed to teach you the lifesaving skills required to be both a team member and a team leader in either an in-hospital or out-of-hospital setting. Because the ACLS Provider Course covers extensive material in a short time, you will need to prepare for the course in advance.

You should prepare for the course by doing the following:

- Review and understand the information in your ACLS Provider Manual.
- Review BLS adult guidelines (can be found at <https://www.cprconsultants.com/wp-content/uploads/2021/01/2020-BLS-Summary.pdf>) **The resuscitation scenarios require that your BLS skills and knowledge are current.** You will be tested on adult 1- rescuer skills and AED skills at the beginning of the ACLS Provider Course. Review and understand the ACLS algorithms pgs. 174-175.
- **Complete the ACLS Pre-course Self-Assessment at** <https://elearning.heart.org/>
